Delkor Systems, Inc. Featured on NBC Nightly News

ST. PAUL, MN: Delkor Systems, a leading provider of robotic packaging machinery, was showcased on the August 4th episode of NBC Nightly News with Lester Holt.

Tom Costello, Economics Reporter for *NBC News*, interviewed Dale Andersen, President and CEO of Delkor Systems. With all the growth in robotics and automation, Tom coupled his update on the U.S. Jobs Report with a visit to Delkor's new plant in St. Paul, Minnesota. Delkor's facility is dedicated to the manufacturing of robotic packaging systems for the food and beverage industry.
